Purpose:

The purpose of this advice letter filing is to implement interim rates in connection with Cal-Am’s 2016 General Rate Case (“GRC”) in A.16-07-002 and establish a 2018 GRC Interim Rate Memorandum Account for the Larkfield, Sacramento District including service areas; Dunnigan, Geyserville, and Meadowbrook, Los Angeles, San Diego County, Ventura County Districts, and service areas Ambler Park, Ralph Lane, Chualar, Toro and Garrapata. This request is in compliance with authorizations of the California Public Utilities Commission as detailed in the Rate Case Plan in D. 07-05-062 (“RCP”) and ALJ Ruling issued on September 8, 2017 in A.16-07-002.

Background:

Cal-Am filed A.16-07-002 on July 1, 2016 to increase rates in its Northern, Central, and Southern Divisions for 2018.

Submission of these tariffs is made in compliance with Paragraph 1 of Page 11 of the Rate Case Plan Decision (D.) 07-05-062 which states:

“We conclude that companies experiencing a delay in their GRCs under our new RCP may seek a rate modification, subject to refund as set forth below, via and advice letter.⁶ Our adopted procedure is set forth at II(B) of the RCP. Section II(B) also sets forth the procedure for seeking permission to forego a GRC filing. We will not limit the rate changes sought in these filings to the rate of inflation. However, interim rates under Section 455.2(c), when approved, will be subject to refund and shall be adjusted upward or downward back to the effective date of the interim rates upon the adoption of final rates by the Commission at the conclusion of a GRC scheduled under the RCP. This procedure will only apply during our transition to the new RCP when the new RCP plan delays a water utility’s GRC beyond the three-year cycle set forth in Section 455.2(c). We decline to adopt CWA’s suggestion to permit utilities to file applications. Applications will unduly complicate the RCP schedule and create numerous inefficiencies. Furthermore, the advice letter process addresses all of CWA’s concerns.”

And in compliance with Appendix A, Section II. B. of the RCP (page A-2):

“A water utility that experiences a delay beyond three-years in filing a GRC application due to the transition to the RCP schedule may seek to implement an interim rate change via an advice letter.

Such filing will not excuse a utility from filing its future GRCs according to the RCP schedule. These interim rates, when approved, will be subject to refund and shall be adjusted upward or downward back to the effective date of the interim rates with the adoption of final rates by the Commission at the conclusion of a GRC scheduled under the RCP.

The procedures herein will only apply during our transition to the RCP in instances when the RCP schedule delays a GRC for any water utility beyond the three-year cycle set forth in Section 455.2.”

To garner authority to implement interim rates and the corollary memorandum account the Administrative Law Judge (“ALJ”) in the subject proceeding must issue a Ruling approving such a request. In compliance with the Ruling requirement and in response to Cal-Am’s motion for interim rate relief filed on June 6, 2017 the ALJ in A.16-07-002 issued a Ruling on September 8, 2017 granting Cal-Am’s request:

“IT IS RULED

⁶ We do not designate this advice letter under any “Tier.”

1. *In accordance with Public Utilities Code Section 455.2, California-American Water is authorized to file with the Commission, by Tier 1 Advice Letter, a tariff implementing interim rates for its service territories and establishing a memorandum account to track the difference between the interim rates and the final rates adopted by the Commission in this proceeding.*
2. *The interim rates may increase rates by an amount equal to the rate of inflation as compared to existing rates.*
3. *The interim rates may become effective no sooner than January 1, 2018.”*

Request:

Cal-Am requests authorization to establish interim rates in the Sacramento, Larkfield, Meadowbrook, Geyserville, Dunnigan, Ambler Parks, Ralph Lane, Chualar, Toro, Garrapata, San Diego, Los Angeles District, and Ventura County Districts by filing tariffs that increase present rates by 2.2% as set by the Consumer Price Index for All Urban Consumers (CPI-U) as of November, 2017 provided by the U.S. Bureau of Labor Statistics.

Due to the inter-related nature and complexity of multiple proceedings impacting the Monterey County District,⁷ Cal-Am is not requesting an interim rate at this time. For the Monterey County District, Cal-Am requests authorization to track the difference in revenue collections that are a result of a delay in the GRC in the interim rate memorandum account.

Tier Designation:

These tariffs are submitted pursuant to General Order No. 96-B and this advice letter is designated as a Tier 1 filing.

Effective Date:

Cal-Am requests that the tariffs discussed above be made effective January 1, 2018.

Service List:

In accordance with Section 4.3 of General Order No. 96-B, a copy of this advice letter is being sent to those entities listed in Exhibit A.

Protest and Responses:

Anyone may respond to or protest this advice letter. A response supports the filing and may contain information that proves useful to the Commission in evaluating the advice letter.

A protest objects to the advice letter in whole or in part and must set forth the specific grounds on which it is based. These grounds may include the following:

- (1) The utility did not properly serve or give notice of the advice letter;

⁷ For example, pursuant to D.16-12-003 Cal-Am implemented a new rate design for the Monterey County District earlier this year. Pending proceedings such as A.12-04-019 relating to the Monterey County District and A.17-04-003 will result in further rate impacts to Monterey customers in 2018.

(2) The relief requested in the advice letter would violate statute or Commission order, or is not authorized by statute or Commission order on which the utility relies;

(3) The analysis, calculations, or data in the advice letter contain material errors or omissions;

(4) The relief requested in the advice letter is pending before the Commission in a formal proceeding; or

(5) The relief requested in the advice letter requires consideration in a formal hearing, or is otherwise inappropriate for the advice letter process; or

(6) The relief requested in the advice letter is unjust, unreasonable, or discriminatory (provided that such a protest may not be made where it would require relitigating a prior order of the Commission.)

A protest shall provide citations or proofs where available to allow staff to properly consider the protest.

A response or protest must be made in writing or by electronic mail and must be received by the Water Division within 20 days of the date this advice letter is filed. The address for mailing or delivering a protest is:

Tariff Unit, Water Division, 3rd floor
California Public Utilities Commission,
505 Van Ness Avenue, San Francisco, CA 94102
water_division@cpuc.ca.gov

On the same date the response or protest is submitted to the Water Division, the respondent or protestant shall send a copy by mail (or e-mail) to us, addressed to:

Recipients:	E-Mail:	Mailing Address:
Jeffrey T Linam <i>Director – Rates & Regulation</i>	ca.rates@amwater.com	4701 Beloit Drive Sacramento, CA 95838 Fax: (916) 568-4260
Sarah Leeper <i>Vice President – Legal, Regulatory</i>	sarah.leeper@amwater.com	555 Montgomery Street, Suite 816 San Francisco, CA 94111 Fax: (415) 397-1586
Kamilah Jones..... <i>Financial Analyst – Rates & Regulatory</i>	Kamilah.jones@amwater.com	4701 Beloit Drive Sacramento, CA 95838 Fax: (916) 568-4260

Cities and counties that need Board of Supervisors or Board of Commissioners approval to protest should inform the Water Division, within the 20 day protest period, so that a late filed protest can be entertained. The informing document should include an estimate of the date the proposed protest might be voted on.

If you have not received a reply to your protest within 10 business days, contact this person at (916) 568-4232.

1. All bills are subject to the reimbursement fee set forth in Schedule No. UF.
2. A late charge will be imposed per Schedule No. CA_FEES.
3. The above General Flat Rate Service applies to a service connection not larger than one-inch in diameter.
4. An additional single-family residential unit shall qualify for additional charge only if such a residential unit includes cooking and bathing facilities.
5. For service covered by the above classification, if the utility so elects, a meter shall be installed and service provided under Schedule No. SC-DU-1, General Metered Service, effective as of the first day of the following calendar month. Where the flat rate charge for a period has been paid in advance, refund of the prorated difference between such flat rate payment and the metered service charge for the same period shall be made on or before that day.

Sheet 1

General Rate Case Interim Rate True-Up Memorandum Accounts

(N)

1. PURPOSE: The purpose of the General Rate Case Interim Rate True-Up Memorandum= Accounts is to track the differences between revenues billed at interim rates and revenues= that should have been billed under the final rates granted in the General Rate Case (GRC) Application (A.) 16-07-002.
2. APPLICABILITY: Applicable to all service areas served by California American Water.
3. ACCOUNTING PROCEDURE: The difference in revenues resulting from revenues billed= under Interim rates effective January 1, 2018 pursuant to Advice Letter 1184 and revenue= that should have billed had the final rates from a decision in A. 16-07-002 been in place= January 1, 2018 should be treated as follows (including interest at the 90-day commercial= paper rate).
 - a. A debit entry based on the final rates granted in the General Rate Case= Application (A.) 16-07-002.
 - b. A credit entry based on the Interim Rates paid by customers.
 - c. The difference between the two shall be the balance of the account.
