**Purpose:**

By this advice letter, California American Water requests that customers in the recently acquired systems of Rio Plaza, Fruitridge Vista, and Hillview be able to apply for and receive low-income discounts under California American Water's Low-Income Ratepayer Assistance ("LIRA") program if the applicable eligibility criteria are met. Through this advice letter California American Water also updates the applicability language consistent with the request made herein and the special conditions contained in the LIRA tariff.

In addition, California American Water requests updates to approved LIRA rates that were inadvertently not updated through the tariff numbering process. This latter change does not

impact authorized rates and all customers were billed correctly with respect to the modification addressed above.

**Background:**

Given the Commission's interest in assisting low income customers, particularly during the COVID-19 public health emergency, California American Water recommends expanding the applicability of its low-income programs to customers in recently acquired service areas that meet the current eligibility criteria outlined in Advice Letter 1296.

Rio Plaza was integrated into California American Water on June 4, 2019 with Advice Letter 1244; Fruitridge Vista on February 4, 2020 with Advice Letter 1279; and Hillview on June 24, 2020 with Advice Letter 1299. All three of these acquisition decisions ordered that California American Water adopt the pre-acquisition tariffs of the respective acquired systems. Presently, customers in these newly acquired service areas would become eligible to apply for the low-income program upon implementation of California American Water's pending general rate case, A.19-07-004. In the light of the current economic challenges, this advice letter recommends expediting the eligibility for these customers.

Additionally, this change will help California American Water with the implementation of the late fee waiver in newly acquired systems, as outlined in Commission Resolution W-5223 and Advice Letter 1304.

California American Water also requests several revisions to its current LIRA rate tariffs. These include clean-up items and a modification to the applicability section of the LIRA tariff to be consistent with the request made in this advice letter and other special conditions in the LIRA tariff. These changes do not impact authorized rates and all customers were billed correctly with respect to these revisions.

Finally, in D.20-08-047 on the Order Instituting Rulemaking Evaluating the Commission's 2010 Water Action Plan Objective of Achieving Consistency between Class A Water Utilities' Low-Income Rate Assistance Programs, Providing Rate Assistance to All Low – Income Customers of Investor-Owned Water Utilities, and Affordability, the Commission ordered Commission regulated water utilities to name or rename their respective low-income water assistance program as "Customer Assistance Program" as part of their next general rate case applications. California American Water will incorporate this change into its pending general rate case application, A.19-07-004.

**Request:**

California American Water is requesting authorization to allow customers in the Rio Plaza, Fruitridge Vista, and Hillview service areas to apply for the LIRA program and enroll if they meet the eligibility criteria. California American Water does not anticipate the need for changes to its current LIRA surcharge at this time. The low-income surcharge applies to all non-low-income customers in California American Water service areas. Customers in the Fruitridge, Hillview, and Rio Plaza service areas would be able to be able to apply for the program as of the effective date of this advice letter.

Additionally, California American water requests authorization to update the LIRA rate schedule.

**Tier Designation:**

These tariffs are submitted pursuant to General Order No.96-B and this advice letter is designated as a Tier 2 filing.

**Effective Date:**

California American Water requests an effective date of October 12, 2020.

**Notice**

Per guidance from the California Public Utilities Commission's Water Division, during the COVID-19 pandemic advice letters will only be delivered electronically to the service list. Hardcopy advice letters will be mailed as soon as administrative staff are able to return to California American Water offices.
