ADVICE LETTER NO. 1174-B

TO THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

California-American Water Company (California American Water) (U210W) hereby submits for review this advice letter including the following tariff sheets applicable to its Monterey County District, which are attached hereto:

Request:

This supplemental is being filed to ensure that the Carmel River Mitigation Balance is transferred to Monterey Main and Ryan Ranch customers. Bishop, Hidden Hills Ralph Lane and Chualar are excluded from the transfer since the Carmel River Mitigation Program Balancing Account surcharge was not applicable to those service areas. However, due to amortization of the Consolidated Expense Balancing Account (CEBA), all service areas in the Monterey County (Main) District will see a reduction to their CEBA surcharge excluding Chualar.

This advice letter filing requests closing the Carmel River Mitigation Program Balancing Account and transferring the balance to California American Water's Consolidated Expense Balancing Account ("CEBA") for recovery, in accordance with Decision ("D.") 17-01-013.

Background:

In D.17-01-013, the Commission authorized California American Water to resume collecting an 8.325 User Fee on behalf of the Monterey Peninsula Water Management District ("MPWMD") and remitting the User Fee proceeds to MPWMD.¹ D.17-01-013 also approved a wind down of the Carmel River Mitigation Program Balancing Account. Specifically, with respect to the Carmel River Mitigation Program Balancing Account, D.17-01-013 orders:

4. Within 30 days of the last day of California-American Water Company's first billing cycle that reflects resumed collection of the 8.325 percent Monterey Peninsula Water Management District (District) User Fee, the District will submit any remaining invoices against the Carmel River Mitigation Program Balancing Account and the District Conservation Balancing Account.

5. Upon receipt of the invoices referenced in Ordering Paragraph (OP) [4] of this decision, California-American Water Company (Cal-Am) shall timely remit payment of the invoices. Cal-Am shall file Tier 1 information-only advice letters to close the balancing accounts referenced in OP [4] of this decision and provide information on the final balances associated with these accounts.

* * *

7. The final balances of the Carmel River Mitigation Program Balancing Account and Monterey Peninsula Water Management District Consecration Balancing Account shall be transferred to the Monterey Consolidated Expense Balancing Account so that they can be addressed in the California –American Water Company General Rate Case (Application 16-07-002), which is scheduled to establish rates and surcharges beginning 2018.

¹ California American Water filed AL 1152 to request implementation of the MPWMD User Fee, and the Commission approved it with an effective date of March 20, 2017.

Tier Designation:

Pursuant to D.17-01-013, this advice letter is submitted with a Tier 1 designation.

Effective Date:

California American Water requests an effective date of September 1, 2017.
