Purpose:

This advice letter filing is being made to transfer dollars from California American Water's Monterey Peninsula Water Management Conservation District Balancing Account to its Consolidated Expense Balancing Account ("CEBA") for Monterey District and to recover the balances through a quantity based surcharge.

Background:

In Decision ("D.") 17-01-013, the Commission authorized California American Water "to resume collecting the Monterey Peninsula Water Management District (District) User Fee, equal to 8.325 percent of the water charges billed by Cal-Am, on behalf of the District and remitting the proceeds to the District." The Monterey Peninsula Water Management District imposed a User Fee on water users in the District to fund various District activities over a period of several years. D.17-01-003 also approved a wind down of the Monterey Peninsula Water Management Conservation District Balancing Account. Specifically, with respect to the Monterey Peninsula Water Management Conservation District Balancing Account, D.17-01-003 orders:

- 4. Within 30 days of the last day of California-American Water Company's first billing cycle that reflects resumed collection of the 8.325 percent Monterey Peninsula Water Management District (District) User Fee, the District will submit any remaining invoices against the Carmel River Mitigation Program Balancing Account and the District Conservation Balancing Account.
- 5. Upon receipt of the invoices referenced in Ordering Paragraph (OP) [4] of this decision, California-American Water Company (Cal-Am) shall timely remit payment of the invoices. Cal-Am shall file Tier 1 information-only advice letters to close the balancing accounts referenced in OP [4] of this decision and provide information on the final balances associated with these accounts.
