ADVICE LETTER NO. 1426

TO THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

California-American Water Company (California American Water) (U210W) submits this advice letter applicable to its Central Division water customers.

Purpose:

This advice letter is to comply with Decision (D.) 21-11-018 which states:

Cal-Am should incorporate the existing ACAM mechanism permanently in the Monterey County District and incorporate the adjustment mechanism approved in D.18-05-027, as part of the step and attrition filings for all districts, excluding (1) the Fruitridge sub-system in the Northern Division for 2022 and 2023; and (2) setting test year rates for the Monterey District.

We find the Settlement, as it relates to Special Request #12, is reasonable in light of the whole record of this proceeding, consistent with the law, and in the public interest, pursuant to the directives adopted the Presiding Officer's Decision Adopting the Phase 3B Settlement Agreement in A.15-07-019, Attachment 2, and D.18-07-010 adopting the Phase 3B Settlement Agreement. The Monterey District ACAM shall be made permanent effective in 2021. The new pilot ACAM across other districts, excluding the Fruitridge sub-system, shall begin in 2021 with an adjustment mechanism that aligns with D.18-07-010. The pilot ACAM shall include the Fruitridge sub-system starting in 2024.¹

Background:

California American Water was authorized to create a pilot (Annual Consumption Adjustment Mechanism ("ACAM")) in its Monterey Service Area in D.18-05-027. D.21-11-018 authorized the ACAM as a permanent program in Monterey, and also authorized California American Water to create new ACAM pilot programs in its Northern, Southern Division, and the Central Satellite service area within the Central Division.

Request:

In compliance with D.21-11-018, California American Water requests authority to replace the adopted consumption with the actual consumption and production data (from October 1, 2022, through September 30, 2023) beginning January 1, 2024, to be used for future rate adjustments, including all annual step and offset filings, in 2024 until the adopted consumption is updated in the pending GRC proceeding A.22-07-001.

This Tier 2 filing will subsequently be followed by a Tier 1 filing to implement the ACAM rates. Additionally, through Advice Letter 1424 California American Water requested authority to trigger its Water Cost of Capital Mechanism, adjust its ROE, and establish the period of October

¹D.21-11-018 at 157

1, 2022, through September 30, 2023, as the benchmark period for the Water Cost of Capital Mechanism going forward. California American Water incorporates the rates included in Advice Letter 1424 into this advice letter and also intends to file a 2024 Interim Rate advice letter in early December as authorized in A.22-07-001.¹ Each of these filings will be for rates effective January 1, 2024, so that California American Water will implement a single rate change on customer bills in order to reduce customer confusion.

Tier Designation:

This advice letter is submitted pursuant to General Order No. 96-B and D.21-11-018 and is designated as a Tier 2 filing.

Effective Date:

California American Water requests an effective date of January 1, 2024.

Notice and Service List:

In accordance with D.18-05-027 California American Water will provide an annual notice of the effect on rates to all affected customers in the Monterey service area. Customers will be notified by bill text message and by bill inserts for this rate change and other rate changes effective January 1, 2024.

In accordance with General Order 96-B, General Rule 4.3 and 7.2 and Water Industry Rule 4.1, a copy of this advice letter will be transmitted electronically to competing and adjacent utilities and other utilities or interested parties having requested such notification. ***Please note that this advice letter will only be distributed electronically.***

PROTEST OR RESPONSES:

Anyone may submit a response or protest for this AL. When submitting a response or protest, **please include the utility name and advice letter number in the subject line.**

A **response** supports the filing and may contain information that proves useful to the Commission in evaluating the AL. A **protest** objects to the AL in whole or in part and must set forth the specific grounds on which it is based. These grounds² are:

1. The utility did not properly serve or give notice of the AL;
2. The relief requested in the AL would violate statute or Commission order, or is not authorized by statute or Commission order on which the utility relies;
3. The analysis, calculations, or data in the AL contain material error or omissions;
4. The relief requested in the AL is pending before the Commission in a formal proceeding;
or
5. The relief requested in the AL requires consideration in a formal hearing, or is otherwise inappropriate for the AL process; or

¹ Administrative Law Judge's Ruling Granting Interim Rates filed 10/31/2023

² G.O. 96-B, General Rule 7.4.2

6. The relief requested in the AL is unjust, unreasonable, or discriminatory, provided that such a protest may not be made where it would require relitigating a prior order of the Commission.
7. A protest may not rely on policy objections to an AL where the relief requested in the AL follows rules or directions established by statute or Commission order applicable to the utility. A protest shall provide citations or proofs where available to allow staff to properly consider the protest.

DWA must receive a response or protest via email (or postal mail) within 20 days of the date the AL is filed. When submitting a response or protest, **please include the utility name and advice letter number in the subject line.**

The addresses for submitting a response or protest are:

Email Address:

520 Capitol Mall, Suite 630

Cities and counties that need Board of Supervisors or Board of Commissioners approval to protest should inform DWA, within the 20-day protest period, so that a late filed protest can be entertained. The informing document should include an estimate of the date the proposed protest might be voted on.

REPLIES

The utility shall reply to each protest and may reply to any response. Any reply must be received by DWA within five business days after the end of the protest period, and shall be served on the same day on each person who filed the protest or response to the AL.

The actions requested in this advice letter are not now the subject of any formal filings with the California Public Utilities Commission, including a formal complaint, nor action in any court of law.

This filing will not cause the withdrawal of service, nor conflict with other schedules or rules.

If you have not received a reply to your protest within 10 business days, please contact Leana Ramirez at (916) 568-4279.
