PURPOSE

The purpose of this supplemental filing is to revise the portion of the WRAM and MCBA associated with the Larkfield Fire Victims to account for the customers that were reconnected to the system during 2018. In October 2017, the Larkfield District in Sonoma County was impacted by the Atlas and Tubbs wildfires. In 2018, 147 residential and 4 Commercial customers were reconnected to California American Water's system, over the course of the year. Although this adjustment does not impact the overall WRAM and MCBA balances for the Larkfield District, it slightly changes the portion associated with the wildfire victims that is recorded to a separate subaccount within the Larkfield District WRAM and MCBA.

AL 1263-A was filed on October 4, 2019. The purpose of this supplemental filing was to properly account for the approved rate design per D.18-12-021, which includes the Dunnigan wastewater and Meadowbrook areas within the Northern Division. The original WRAM & MCBA filing did not incorporate the adjusted rate design implemented in Advice Letter 1230-B and this supplement implemented that correction.

AL 1263 was filed on September 23, 2019. The purpose of this advice letter filing is to request recovery of the 2018 WRAM & MCBA balances. This request is in compliance with authorizations of the California Public Utilities Commission as detailed in D.08-11-023, D.12-04-048, D.13-07-041 and D.18-12-021.

BACKGROUND

On November 6, 2008, the Commission issued Ordering Paragraph 1 in D.08-11-023 which adopted a settlement agreement between California American Water and the Division of Ratepayer Advocates (“DRA”) to establish a Pilot Program for a conservation rate structure in the Northern Division District;

The June 28, 2007 settlement for the Coronado and Village districts, attached to Appendix A, is adopted and the motion to reduce the comment period is granted.

As part of the settlement, California American Water was to establish a WRAM as outlined below from pages 5 and 6 of the agreement.

Decoupling for California American Water will be accomplished through the following mechanisms:

- 1. A Water Revenue Adjustment Mechanism (WRAM) for the Coronado and Village districts.*
- 2. This decoupling mechanism, along with California American Water’s Incremental Cost Balancing Accounts (ICBA)¹, will ensure recovery of the adopted fixed costs recovered through the quantity charge, and the actual variable costs for purchased power, purchased water, and pump taxes. The fixed costs not included in these accounts will be recovered through the service charge, which is a monthly charge that customers pay regardless of consumption.*
- 3. In accordance with established Commission practice, the WRAM account will accrue interest at the 90-day commercial paper rate.*

The WRAM will track the difference between the total quantity charge revenues authorized by the Commission (“Total Adopted Quantity Revenues”), and the total revenues actually recovered through the quantity charge based on actual sales (“Total Actual Quantity Revenues”), excluding:

- 1. Revenue from Private Fire Protection Service and;*
- 2. Revenue from the “Other” class of general metered customers.*

California American Water implemented the Pilot Program on February 1, 2009 via Advice Letter 717-A.

Historically, these types of advice letters were submitted by April 30th each year per the settlement agreement adopted in D.08-11-023. On July 25, 2013, modifications to the

¹The Modified Cost Balancing Account (MCBA) replaced the ICBA through the issuance of D.12-06-016.

process were agreed to in D.13-07-041 as part of a settlement in California American Water's 2010 General Rate Case ("GRC") proceeding;

The parties agree that California American Water would use the same amortization schedules and procedures that were established for other Class A water utilities in D.12-04-048 for the WRAM/MCBA in all districts. This includes:

- 1. Amortization of net WRAM/MCBA balances at or above 2% of the last authorized revenue requirement, as described in Ordering Paragraph 2;*
- 2. The process to not initiate the cap until 2015, which is the first test year of the GRC to be filed July 1, 2013, as discussed in Ordering Paragraph 3;...*
- 3. A vigorous review of the WRAM/MCBA as well as sales forecasting to be conducted in the next GRC (Test Year 2015), as discussed in Ordering Paragraph 3;*
- 4. Cal Am will submit its annual request for amortization of net WRAM/MCBA balances by a Tier 1 advice letter on or before March 31, as described in Ordering Paragraph 5;*
- 5. California American cannot include any additional type or category of cost in their Tier 1 Advice Letters that was not included in their Annual Report as described in Ordering Paragraph 9;*
- 6. California American Water will separate the WRAM/MCBA surcharges on customer bills if it is capable of doing so with its new billing system, as discussed for other utilities in Ordering Paragraph 10.*

Additional criteria on the WRAM amortization process were outlined in D.12-04-048 as follows.

Conclusions of Law

- 7. It is reasonable to require that net WRAM/MCBA over-collections be amortized through a surcredit on a customer's service charges and that all under-collections be amortized through a surcharge on the volumetric rate.*
- 8. It is reasonable to change the deadline for applicants to submit their annual WRAM/MCBA report from March 31st to the previous November 30th, and to include nine months of recorded data through September 30th in the report.*

Ordering Paragraphs

- 1. We adopt the amortization schedule set forth in Appendix A with a cap on total net Water Revenue Adjustment Mechanism/Modified Cost Balancing Account (WRAM/MCBA) surcharges of 10% of the last authorized revenue requirement...WRAM balances incurred prior to the first test year referenced above continue to be amortized under the adopted amortization schedule without being subject to the surcharge cap.*

In addition, D.189-12-021 increases the cap on amortization of the WRAM/MCBA balances:

Ordering Paragraph

151. *The cap on amortization of WRAM/MCBA balances should not be eliminated but should be increased to 15% of the last authorized revenue requirement for each of California American Water's districts.*

On November 7, 2018, prior to issuance of D.18-12-020, California American Water obtained an extension of time to able to file its 2018 WRAM/MCBA annual report and its Tier 1 annual request for amortization of net 2018 WRAM/MCBA balances. Without knowing the interim rate true-up, California American Water was not able to make the necessary calculations to submit these 2018 WRAM/MCBA filings. On August 8, 2019, California American Water received a second extension, to September 23, 2019.

REQUEST

The balances for the WRAM and MCBA are summarized in the table below.

Recovery of WRAM/MCBA Balances				
Description	WRAM/MCBA Over/(Under) Collection	Cumulative Interest Earned/ Accrued	Cumulative Surcharge Collections	Balance
Larkfield				
AUTHORIZED PRIOR BALANCES REMAINING	(\$1,327,000)	(\$25,619)	\$222,919	(\$1,129,700)
ESTIMATED BALANCE NOT YET APPROVED	\$58,160	\$94	\$0	58,254 ¹
BALANCE ALL YEARS				(\$1,071,446)
2018 Adopted Revenue				\$3,085,285
2017 Balance % of Revenue				1.9%
Net Balance % of Revenue				34.7%
Sacramento				
AUTHORIZED PRIOR BALANCES REMAINING AT 12/31/2018	(\$19,029,622)	(\$354,650)	\$4,528,801	(\$14,855,472)
BALANCE NOT YET APPROVED FOR YEAR 2018	\$1,910,246	\$20,077	\$0	\$1,930,323
BALANCE ALL YEARS				(\$12,925,149)
2018 Authorized Revenue				\$51,666,049
2018 % of Revenue				3.7%
Net Balance % of Revenue				25.0%

¹ The 2018 balance reflects \$405,660 of revenue adjustments based on authorized consumption for the customers impacted by the 2017 fire in the Larkfield district. However, due to the 15% cap established in D.18-12-021, the surcharge does not reflect the incremental adjustment and therefore will not be collected as part of this filing.

Based on the above balance and the adopted amortization schedule per D.12-04-048 Appendix A, California American Water requests a volumetric surcharge of \$0.1882 over a 28-month period for Larkfield and of \$0.0890 over a 20-month period for Sacramento to be added to the Company's tariffs.

SERVICE LIST
