**Purpose:**

The purpose of this supplemental filing is to update Advice Letter 1270 to comply with Resolution W-5212 to which approved California American Water's requests in Advice Letter 1214, as supplemented, to add its capital expenditures (less accumulated depreciation) of \$10,029,761 to its rate base and recover the associated revenue requirement of \$1,355,287, which includes the associated annual incremental operating expenses of \$8,880 for the Chromium 6 treatment projects in the Northern Division.

California American Water filed AL 1270 to request approval of the 2020 step rates for Northern Division in accordance with Decision (D.) 18-12-021. Advice letter 1270 requests implemented rates for escalation year 2020 be made effective and implemented in accordance with Decision (D.) 18-12-021.

**Background:**

Submission of these tariffs is made in compliance with Ordering Paragraphs 42 and 43 of D.18-12-021 dated December 13, 2018 which states:

Cal-Am may also file escalation filings for 2019 and 2020 pursuant to these procedures for every district where there is a projected increase in rates. D.07-05-062 requires escalation filings to be filed no later than 45 days prior to the start of the escalation year. In light of the effective date of this decision, any escalation filing for attrition year 2019 shall instead be filed within 90 days from the effective date of this decision and shall be effective 45 days from the date of filing.*

The revision of tariff schedules for authorized rates in 2018 shall be included and subsumed in California-American Water Company's escalation filing for attrition year 2019. The advice letter shall include all calculations and documentation necessary to support the requested rate changes for both authorized 2018 rates and their escalation for 2019.*

Resolution W-5212, issued December 19, 2019, additionally approved California American Water's requests in Advice Letter 1214 to:
