ADVICE LETTER NO. 1183-A

TO THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

California-American Water Company (California American Water) (U210W) submits for review this advice letter including the following attached tariff sheets applicable to its Los Angeles County District:

<u>C.P.U.C. Sheet No.</u>	<u>Title of Sheet</u>	<u>Canceling Sheet No.</u>

8713-W	TABLE OF CONTENTS (Page 1)	8710-W

**Purpose:**

This supplemental is being filed per Division of Water Audits' (DWA) request. There are no changes to the calculation and tariff filed in Advice Letter 1183.

This advice letter filing seeks to reduce the surcharge in the Ventura construction tariff sheet previously approved in Advice Letter 1139-A, which became effective January 13, 2017. The reduction addresses an inadvertent miscalculation in the volumetric rate for metered construction service customers.

**Background:**

On November 22, 2016, California American Water filed Advice Letter 1139 requesting approval of the Company's 2017 step rates for the Ventura County District. After review by the Division of Water and Audits (DWA), California American Water updated workpapers based on DWA's recommendation. California American Water then filed supplemental Advice Letter 1139-A on January 9, 2017. After further review, DWA approved Advice Letter 1139-A on February 16, 2017.

Subsequently, California American Water determined the construction surcharge included a conversion error. California American Water inflated the metered construction quantity rate at the time of the filing by multiplying 2016 adopted rates by a conversion factor twice. While the methodology of inflation is accepted by DWA, the miscalculation was caused by
