PURPOSE

This supplemental advice letter addresses issues raised by DWA regarding the inclusion of interest during the recovery period. It also includes an adjustment to commercial paper rates between January to July 2013.

The purpose of advice letter 1109 was to request recovery of the 2013 GRC Interim Rate Memorandum Account for the Ventura County District in connection with Cal-Am's 2013 General Rate Case ("GRC") in A.13-07-002. This request is in compliance with authorizations of the California Public Utilities Commission as detailed in the Rate Case Plan in D. 07-05-062 ("RCP") and ALJ Ruling issued on September 16, 2014 in A.13-07-002.

BACKGROUND

The Commission granted Cal-Am memorandum accounts to track the difference between interim rates and final rates through Advice Letter 1064, approved on January 5, 2015 with an effective date of January 1, 2015.

Cal-Am hereby submits this filing to recover the balances in the memorandum accounts for the Ventura County district.

Submission of these tariffs is made in compliance with Ordering Paragraph 4 of D.15-04-007, which states;

4. California-American Water Company is authorized to file by Tier 1 advice letter to recover the difference between the 2015 interim and final rates from its customers. This calculation must be based on the 2015 rate tariff schedules that would have been implemented under the present rate design.

REQUEST

Cal-Am requests the interim rate true-up total be rolled into the Consolidated Expense Balancing Account ("CEBA") as a quantity based surcharge effective February 1, 2016. The proposed 1 year amortization period is consistent with Standard Practice U-27-W.

The interim rate true-up including the Consolidated Expense Balancing Account ("CEBA") for the period January 1, 2015 through November 30, 2015, with interest, is (\$1,658,061).

In accordance with Section 4.3 of General Order No. 96-B, a copy of this advice letter is being sent to those entities listed in Exhibit A.

Copies of the detailed workpapers and the documents supporting this Advice Letter have been furnished to the Commission Staff.

Schedule No. VN-1 (continued)
Ventura County District Tariff Area
GENERAL METERED SERVICE

SPECIAL CONDITIONS:

General Items:

1. Qualifying low-income customers can receive a discount on their bill. Customers must apply with the Company for acceptance into the low-income program. For additional details, please see Tariff Schedule CA-LIRA.
2. Any customer paying for service at a premise where a Residential Fire Sprinkler System (RFSS) is required/requested to be installed by local fire and building codes shall be allowed to have their monthly service charge modified in accordance with the monthly costs for RFSS service charges. Provided, however, that the RFSS rate has been requested by the customer and verified by the Company that the smaller size of meter would be large enough to provide adequate service for the property in absence of the additional demand necessary to supply water to the sprinkler system. The RFSS will not be considered a fire service by the Company, but as an oversized general metered service. As such the rules and conditions of service for general metered service shall apply.

Fees and Surcharges:

1. All bills are subject to the reimbursement fee set forth in Schedule No. UF.
2. A surcharge is included on each bill to collect franchise taxes and/or business license fees paid to various municipalities. The amount collected is 2.0% based on gross revenues before taxes and PUC fees for the County of Ventura and the City of Thousand Oaks.
3. Per Advice Letter 1072-B, a surcharge of \$0.0062 per 100 gallons will be applied to each bill to fund conservation efforts. The surcharge will remain in effect until otherwise directed by the Commission.
4. Per Advice Letter 1093, a surcharge of \$1.86 for the Low Income Ratepayer Assistance Program ("LIRAP") Balancing Account will be collected from all non-low income water and wastewater customers.
5. Per Advice Letter 1109-A, the under-collected balance in the Ventura County District Consolidated Expense Balancing Account (CEBA) will be recovered through a quantity based surcharge of \$0.0315 per 100 gallons over 12 months effective February 1, 2016. (C)
The total amount will be recovered from all classes of customers.
6. Per Advice Letter 1104, a surcharge is applied to each bill to offset the increase in purchased water cost imposed by the Calleguas Municipal Water District. This increase results in a needed revenue increase of \$709,419 or 1.90%. The surcharge of \$0.0303 per 100 gallons is added to the quantity rate effective January 1, 2016.
